About Us

Founded in 2025, NextRide was born from a simple frustration: never knowing exactly when the bus would arrive.

We combine advanced GPS technology with real-time traffic data to provide the most accurate public transit tracking system available today.

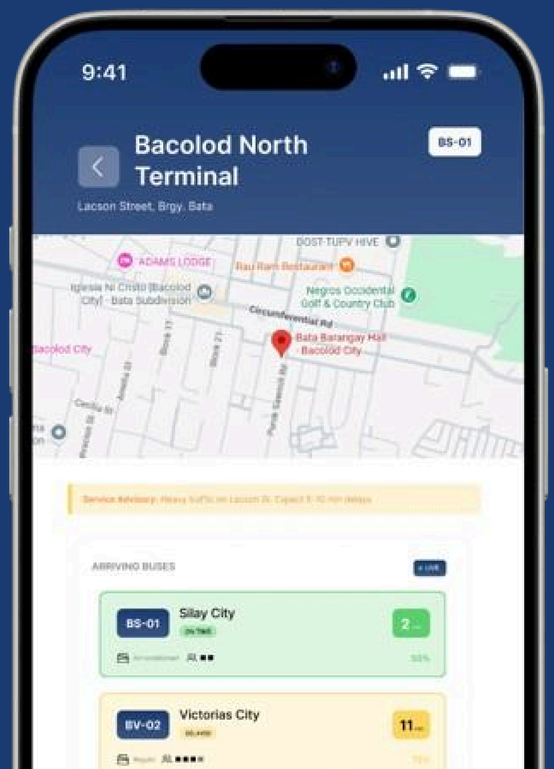
Our Mission

"Transforming how Bacolod residents experience public transportations through real-time information and sustainable sulotions."

NEXTRIDE

Arrive, On Time.

The ultimate companion for your daily commute. Real-time tracking, smart rerouting, and peace of mind.



Key Features

Real-time Tracking
See exactly where your bus is on the map.

Crowd
Alerts about crowdiness before you leave.

Live Updates
Notify users when their bus is rerouted including the new estimated arrival time.

Route Optimization
The fastest path, every single time.

How It Works

1 Track
Select your route and see live bus locations.

2 Navigate
Get turn-by-turn guidance to your stop.

3 Arrive
Reach your destination on time stress-free.

Why Choose Us?

For Commuters

- Save 20 mins daily on average
- Reduce waiting anxiety
- Never miss a transfer again

For Operators

- Optimize fleet efficiency
- Reduce fuel consumption
- Improve passenger satisfaction
